

## Amanda Campbell-White

Hello, I am Amanda, the Vice President for Arts, Humanities and Social Sciences. I have just graduated from studying BA Sociology. For the past 3 years, I have been involved with the Students Union by working at [The Academy](#). Also [being a course representative](#) for both my first and third-year. It was always a running joke throughout my time here at the university to run in [the election](#)... and then I actually did it! I am so happy that I get to do this job for a year!”
