

LIBERATING THE CURRICULUM POLICY

Prepared for:	Student Council	Date:	25/04/2018
			Due to lapse
Prepared by:	Laura Douds	Role:	Vice President (Science & Technology)

Summary: *This paper provides an update on the implementation of the policy*

1. Lobby the university to increase representation of lecture content from the perspectives of liberation and protected groups.	IN PROGRESS
2. Lobby the university to make sure that all modules should make sure that they strive to be inclusive of all liberation groups particularly within modules that mention terms to do with liberation within their names.	IN PROGRESS
3. Further lobby the university to particularly focus on the improvement of Trans experiences within modules themed around LGBT+ experiences.	NOT STARTED
4. Lobby the university to make sure that within the life sciences and other areas of the curriculum more studying that can resonate with disabled students occurs.	NOT STARTED
5. That once these changes are implemented the Students Union must investigate data from the Let's Be Honest report that focuses on liberation groups in the coming year. Liberating the curriculum may help this due to the fact liberation groups will feel better represented.	IN PROGRESS
6. Work with NUS, who are running a national campaign on liberating the curriculum, to support and advise us in implementing these changes.	NOT STARTED
7. That all appropriate faculties, such as the Faculty of Health, Social Care, & Education and the Faculty of Medical Science should provide compulsory lectures that include information on trans healthcare. These lectures would provide information on some of the issues that transgender people may face in the healthcare system. These might include: pronouns (and the importance of respecting them), gender dysphoria, hormone therapy, urological care, surgical complications, birthing for transmen/non-binary individuals, and cancer screening techniques in transmen/transwomen/non-binary individuals. These lectures would be particularly important in courses such as Midwifery but also Nursing, Surgical Care, Public Health, Mental Health, etc.	IN PROGRESS
8. That appropriate online resources regarding LGB and transgender issues are made available to faculty members. This would mean that faculty members have more support and direction in modifying the lectures to introduce such issues.	NOT STARTED

Updates:

1. I spoke with Aletta Norval regarding this policy, and she asked me to liaise with heads of FMS/FHSCE and write a paper for FQUESS/QUESC regarding individual course content however upon talking with JS we didn't think this was appropriate and it should be down to

the university to research and change rather than putting all of the workload on already busy officers.

2. See 1

3. See 1

4. See 1

5. The Let's Be Honest report has launched: Data from this will be used to support arguments that we need better curriculum. Need to review, will do when I find the time.

6. Not started, will be assessing whether their help is needed.

7. I'm compiling a list of healthcare based courses to assess exactly how many courses need reviewing.

8. Will be looking online to find suitable resources in the upcoming weeks.

This policy has been hard to work on in it's current format and as such I have resubmitted it with ammendments
