## My campaigns

In-Campus Recruitment	In Progress	
The main motivation behind this is the students from Engineering department doesn't		
have a particular placement year as the Business students do , So after their graduation if		
we could implement a placement recruitment or as a job fair that would be really helpful		
for the students as well as that would give them a new experience for their future .		
I am planning to conduct seminars and webinars for students where they can meet		
successful entrepreneurs and imbibe their knowledge and work experiences directly from		
them.		
For this I have presented my campaign in FPT as well as FEC meeting and they have		
approved my idea , and I am having a one to one with Amanda Crouch (Head of		
Employability), I have been gathering feedback from students and I have received positive		
responses.		
According to the Employability team they are	conducting a Employability Seminar on mid	

According to the Employability team they are conducting a Employability Seminar on mid of March for the Science and Engineering Students ,in which most of Companies will be attending the Seminar and hopefully will recruit some of our students.

Introducing Different Cuisines to our	
ARU café -	

ON HOLD

First, I would like to say that our café is vast and spacious, being a student myself, I hang out at the cafe whenever I get free time with my friends. I always used to think as this university accommodates students from all over the world, it would be nice to introduce some of the world's cuisines where everyone would be able to appreciate and enjoy the cuisine of their colleagues and friends.

For this idea I had a chat with Joe who looks after the cafeterias, and they are in the middle of recruiting new chef and it is in Progress.

This is on Hold since there is confusion going on with 92 Bar in Chelmsford.

24*7 Counselling Sessions	On Hold
The idea of introducing an on-call service which is available 24*7 for the students where they can raise their concerns and the problems, they are facing day to day. This would be a good platform for the students to share the troubles they are facing, and appropriate measures can be taken if the reasons are valid and truthful.	
My idea was introducing the phycology graduates to this area and of they could do some counselling sections for students that would be helpful because we can cut down the time for getting the appointments and we could do it immediately.	
But this is On Hold because when I discussed the idea in FPT, most of faculties were not promoting it because of its confidentiality. So, it's still in On Hold.
