

Disabled Students Conference

Angela Sizer is our elected Disabled Students Representative (Chelmsford) but unfortunately, she is unable to attend this conference due to deadlines and exams other this period. Angela and I have discussed this as I was planning to request to go as an observer. Each university is entitled to 1 delegate and up to 3 observers for observers there is a £200 fee and delegates attend for free. As the delegate place is unfortunately not filled on this occasion I have put myself forward to attend.

Why me?

- I self-define as a disabled student
- As I have been re-elected, the knowledge I gain from this conference will provide me with further insight on how we can support students with disabilities at university.
- I will support motions for awareness of “hidden disabilities”
- I will vote for supporting wellbeing of the disabled student community
- I will vote for taking action against race and racism, inclusivity and equal access to facilities.

Conference travel expenses request:

13th March research into cost of travel to Manchester for conference

Disruption: Tunbridge Wells - Robertsbridge (1)
