4.	4. Campaign Rep Updates:	
	4.1 MH: Taken as read.	
	Want to draw attention to ES' update, sunflower lanyards arrived. How do we move this campaign	
	online?	
	ACW: Can this be turned into an online provision? Like use the sunflower in email signatures.	
	EH: Maybe some Facebook frames? Other online visual resources could be considered.	
	MH: Can I action RG and RW to check in with ES regarding this?	RW/RG
5.	5 Executive Officer Reports	
	5.1 President	
	MH: *Taken as read.	
	Two things have happened:	
	1 <sup>st</sup> update -Refugee Scholarship Scheme, I had a phone call with marketing team member who	
	looks after philanthropic giving, looking at a bursary rather than a scholarship at this point. Not	
	ideal but it is still exciting. That team is launching a new type of giving called payroll giving which	
	will allow ARU staff members to donate to particular charitable causes. Marketing team looking at	
	whether the Refugee Bursary would fit into this.	
	EH: What is the difference between a bursary and scholarship?	
	MH: The original plan was for the University to fund a few students with both maintenance fees	
	and tuition, this was the scholarship plan. From conversations, this was not feasible due to cost-	
	savings measures. With a bursary, there are given a lump sum instead.	
	2 <sup>nd</sup> update – Break the Cycle, have had conversations with Officers and had a call with RG and	
	RW on having a temperature check survey. Thought it would be worthwhile to include questions	
	around COVID-19. It would help us to better understand how students are faring in light of these	
	circumstances.	
	EH: Is this meant to be concise and tailored to a particular use or for a long-term research	
	project?	
	MH: Needs a significant sample size, with NSS we cannot do this until the end of next month.	
	Gives us 6-8 weeks. We can start on the initial stage of it. We know the next year's Officer Team	
	have run on a significant mental health platform, they will be able to use this data.	
	EH: Worth thinking about outcomes and who the audience is for this? Practical outcomes for	MH
	current Officer team possible as well.	
	5.2 VP: Business and Law	
	MC: Taken as read	
	MH: Have notes from MC to be read out.	
	International Support - We now have a funding in place for international students this has been a	
	two-year long officer campaign and I want to thank everyone who got involved and supported.	
	Hardship funding - the hardship fund is no longer frozen and any student facing any hardship	
	(except international) can apply for the hardship fund (including UG and PG) There were issues	
	for PG students, but now clearly one for both groups.	
	Supporting you remotely- The officers and I have been working tirelessly on how we can support	
	you remotely over the coming weeks including advocating scrapping rent costs, supporting hungry	
	students and other areas of wellbeing.	
	MH: As an Officer team, we are of the opinion, ARU should scrap rent costs for students who	
	have been asked to leave accommodation. We've drafted a letter to send to the VC.	

RG: RW and I are here to help and support if you need us.	
EH: Sounds well-thought out and directed by student feedback.	
MH: As of last week, Manchester and Liverpool along with several other universities have done	
this. I've emailed all the external halls providers to find out their policies on releasing students from	
contracts and what their welfare policies are for students stuck there, had one response and it was	
poor. This could be relevant to Chelmsford but awaiting response from University. Need to get	
University on board so that we can lobby with external halls and letting agencies.	
ACW: We should see if we can get Vicky Ford and Daniel Zeichner, the MPs for Chelmsford and	MH/ACW
Cambridge on board.	
0	
EH: Where have MC's other wins been communicated, this needs to be promoted and discussed	
with Comms.	
MH: Currently on a Comms lockdown, but will chat with TB and BN to see if we can get	MH
something else out unrelated to Coronavirus.	
MC also said she's happy to have her work mobile available, will post it to Facebook after Exec.	MH
5.3 VP: Arts, Humanities and Social Sciences	
ACW: Taken as read	
Did not update my google doc, sorry about that.	
Going back to what MH was talking about Well-being steering group was postponed, hopefully will	
be rescheduled. Big White Wall and FICA meeting didn't happened but 10 minutes ago, we	
received an email to rearrange. In terms of current university provisions for student mental health	
and wellbeing, they are offering counselling appointments online. Not sure how this is going.	
Regarding the SU bar, student consultations will be going ahead online. MH and I have created a	
Prezi and slides, there is also a page on the website.	
Have received a lot of feedback from students during this time about the Coronavirus. Especially	
those in need of studio spaces.	
EH: Is there any provision for studio based learning.	
ACW: Not at the moment, the faculty is speaking with art councils. I emailed Harriet Richards,	
head of school of Art and the deputy heads including Wendy Moody and William Hill, to see what	
they were doing. Said they would send an email to students with what they're doing. Have received	
no response from other faculty members in AHSS.	
MH: Assessment in AHSS was raised as a matter of urgency as Coronavirus Response group. A	
lot of assessment related software and supplies are unavailable to students.	
ACW: I raised if laptops would be made available for renting.	
MH: There is a new laptop bursary available to all students to apply to. Entitles students to £400	
to purchase a laptop or can be used on repairs to an existing one.	
RG: When will it be communicated to students?	
MH: Was launched and communicated today.	
ACW: A student email was sent today	
AJ: I haven't received an email, will keep checking.	
5.4 VP: Health, Education, Medicine and Social Care	
FLY: Taken as read	

	From requests from 3 <sup>rd</sup> Year students, Michael Adeen, the heads of school and I will have a live	
	online forum for students to ask questions. I'll be there to pick up on concerns and trends from	
	students concerns. A link will be sent to these students to join the forum.	
	We are developing things for a student newsletter written by students, like one about caring while studying.	
	studying.	
	With rent, student accommodation audit report came back, there were several interesting	
	recommendations. Not all university processes are correct and the university has committed to	
	fixing some of this. Trying to contact Zoe about this.	
	MH: She is on sabbatical and has been recalled by the NHS.	
	FLY: Meant to be hosting Responsible Futures Support Day, looking to host this entirely online.	
	The Sustainability strategy is with the university to read over and approve.	
	Citizens UK, meant to have hustings today but this has been cancelled.	
	Continuing to work with faculty on 2020 Year of the Nurse and Midwife and provisions for	
	students online.	
	5.5 VP: Science and Engineering	
	N/A	
8.	8 Budgets	
	RW: No budgets were submitted for approval this month.	
9.	9. Any other business	
	EH: Big thank you to all of the Officers for stepping up and engaging with this. Your work is	
	appreciated.	
	RW: Please don't hesitate to reach out to RG and me for support and help with campaigns.	
	RG: Reminder to keep the flow of communication, especially important at this time.

# CUSTUDENTS'

# **Bye-Law Change**

### 1. Background

1.1. Currently there is sporadic attendance to the Executive Committee from the voluntary campaign and faculty reps. It is felt that this is because it has become more about signing off budgets than working on campaigning for change and representing students – the true purpose of the union.

### 2. Proposal

- 2.1. Bye-Law 6, paragraph 3.1 currently reads "meetings shall be held monthly during term time on a date set by the Chair with at least five working days' notice."
- 2.2. It is proposed that this is changed to "meetings shall be held at least 5 times during the academic year on a date set by the chair with at least five working days' notice." This is a reduction from the current **nine**. This will put less time pressure on representatives who have to juggle studying, personal and work commitments.

Apparently a benchmarking process is underway re cost of resources Attended Faculty Forum with ACW/RW & ER and course reps Faculty Education Committee meeting - response to removal of booksplus cap for CSA students was a 'No' from Director of Student Services. Deputy Dean will follow up regarding specific use of the copy shop for printing for assessment etc and where any unspent bursaries are 'donated'.

Met with Rose Guy re strategy to reframe affordability (away from Bookplus) and address issues of equity of resourcing/provision between courses (across faculties?) Sustainability SU strategy workshop attendance on 12/02/20

HEMS Faculty Rep (Cambridge): Tiegan Lawson

#### HEMS Faculty Rep (Cambridge): Bethany Miller

- still no feedback via email from course reps
- Verbal feedback from students at young street: another microwave
- Feedback from mental health students regarding a recent IPL day wasn't good and students ended up leaving half way through. Students found that other lecture staff were rude towards their subject and felt that the day wasn't useful for them.
- Course rep meeting with Demi, Fraser and Imogen regarding issues especially with covid 19 took place. Students complained about lack of feedback from lecturers and lack of communication. They also highlighted that assessments were being changed leaving people will no time to study due to work or child commitments.
- Lots of students who are living at CB1 have complained to me about the fact they have to pay rent even though uni have asked us to go home however due to worries around placement, most HEMS students can't actually terminate contracts.

HEMS Faculty Rep (Chelmsford): Imogen Lay

- Continuing with the Childcare for Placement Students campaign. Been looking at the Speak week and SSLC feedback. Now that the new NHS support fund is available, we can look into those options. Still planning on polling students within faculty.
- Been talking with Beth (HEMS Cambridge) to look at interprofessional scenario-based learning for the new nursing/paramedic teaching guidelines. Will be bringing this to FPT (Feb 19th) to discuss with HoSs.
- Organising and planning a mental health fair for University Mental Health Day (Thu 5th March) with charities including Mind and Samaritans!
- Chelmsford want a nursing society, will have a look into this with Ashleigh

HEMS Faculty Rep (Chelmsford): Ashleigh Jackson

- Had Interprofessional learning day (IPL) for HEMS 29th Jan. Good feedback so far. Have yet to meet with the team to discuss formal feedback.
- More guidance has been given to nursing students regarding placements and the options available to them during the pandemic.
- Course rep zoom meetings with heads of department to discuss issues regarding placement during Covid-19 pandemic are going well and are productive and informative.
- New Covid-19 e-learning has been made accessible to placement students to equip them for practice.
- Some concerns highlighted by 3rd year nursing students regarding a lack of supervision for assessment.

HEMS Faculty Rep (Peterborough): Marta Kalista

B&L Faculty Rep (Chelmsford): Damien Francis

B&L Faculty Rep (Cambridge): Alessia Mevoli

Has been working closely with Dan Berger and attending FPTs and FECs. Appreciated this opportunity to learn about education standards and ARU's partners. Really valuable to full understand how the system works. Contacted all the course reps in B&L and acted on the feedback received, especially related to teaching and modules.

Would like to be able to access course rep emails to reach out to them directly, especially as there is a lot of collaboration with professional courses and reps.

S&E Faculty Rep (Cambridge): Em Long

- FSE hub follow up- working with teaching and learning staff to figure out how to enable the aimss on canvas. Monitoring is still an issue.
- Students asking for more faculty networking events.
- Student engagement quite low, 0 attendees to last faculty forum
- Athena Swan- representing women in STEM pathways.

Refugee Scholarship Scheme

Actions updated: 09/03/20

 Now in contact with an alumna who is used on a lot of the university's marketing who has a really interesting story - she came here as a refugee from Afghanistan aged 13 and is now a lawyer. I have asked her some questions which she has kindly answered - she broadly seems to have had a very positive experience at ARU but did not receive any specific support related to her refugee status.

### Break The Cycle

Actions updated: 09/03/20

• Looking at doing some kind of wellbeing survey maybe using some of the questions from Let's Be Honest - this way we could do a sort of "temperature check" of some of the problem area questions from the report.

- Attended the Students' Unions 'Strategic Planning Meeting'. It's essentially where we sit down with the most senior people from the university and outline our plans for the coming year. From this, they establish how much money they will give us.
- Been getting back into faculty stuff started by meeting with the Dean of the faculty in order to get caught up on what is big on their agenda. Currently, the dominant conversations are around student wellbeing, the British Science Festival (being held in Chelmsford in Sept), and "unprofessional feedback in Module Evaluation Surveys"
- Plans for the bar are now underway initial designs have been agreed. Amanda's consultation will hopefully (have) shed some more light on how students want the bar to feel etc.

#### ARUaccessible?

Working on

Thank you to all the students that took part in the ARUaccessible campaign last semester! I am now in the process of condensing all the data into themes (currently gone through 200 comments!)

I have provided a breakdown below of the committees I have sat on and the changes influenced by the ARUaccessible campaign.

Assessment Review: Guidance on Assessment workstream -This workstream was only formed this semester and I have been attending monthly meetings reviewing all aspects of assessments, assignment deadlines and exams. From this, I have taken feedback forward and making recommendations to support student's best interests. For instance, we have successfully removed bunching of deadlines in the business and law faculty and reviewing how we can make this change across all schools.

Disabled Student Satisfaction task and finish group - This committee has reviewed the NNS results over the last 3 years as well this we held focus groups with current students in Tri1 to bring forward any barriers to inclusion. My job mainly on this committee has been to represent the student's voice and work in partnership with the university to create a list of recommendations to review hidden barriers which can negatively impact the student experience. For instance, I have recommended reviewing lecture notes content making sure the information is clear and concise and put on canvas in a timely manner.

Student Experience Senate Committee (SEC) - This week I attended SEC where we discussed barriers to inclusion and general accessibility challenges that are negatively impacting student experience. The outcome of this meeting led to an agreement that the university marketing department will review the new branding and create an accessible option and this review will lead to a wider review of course materials and any other barriers to inclusion.

Wrote a initial data findings paper and presented this at USU - \*\*veral update\*\*
