#### Reasons for change:

**Give dedicated focus to paid officer roles in the Spring election.**

Where there are more roles and more confusion (with full time, part time, paid, unpaid...) it can detract from the clarity of explanation for our officer roles, especially with increasing numbers of January intake and placement year students joining ARU.

Meeting with the larger number of candidates (this has tipped over 100) when all the roles are elected together can be challenging. Keeping track of which roles they *intend* to apply for and if they understand the difference between eg: HEMS VP, HCP VP and HEMS Faculty Rep, is an even bigger challenge. Asking the wider Union Collective to deliver 1:1s is helpful, but risky given the complexity of information needed for the variety of roles. Simplifying this will help avoid errors.

It will also allow the team to provide the same focussed 1:1 support for part time exec candidates during October rep elections and build engagement and rapport quickly with new students.

**This change will allow First Year UGs and 1-year PGT students to take on faculty and campaign rep roles** – this is a large pool of (often enthusiastic) students who cannot currently be elected for these roles. It potentially opens up the candidacies to around a 3<sup>rd</sup> more students. Excluding PGT students from our campaign and faculty rep roles also limits the effectiveness and representative nature of the Executive Committee. This change gives more students the opportunity to try out an exec role in advance of running for officer – hopefully giving us more experienced and embedded officer candidates.

**This change also intends to overcome the delay between election and starting the roles.**

Being elected in March, but not taking on your role until August often results in loss of engagement and some candidates drop out. Finding time for training as a group is often delayed until August or even mid-September as students are not around over the summer, and so role uptakes are effectively only being delayed by around a month with this change. We also have the

opportunity for hand over or role retention from outgoing exec through September (if they are returning students).

### Challenges and considerations:

**Can we host a Bye-election?** We will need to make sure that Exec roles are filled effectively in October as we will lose the opportunity to easily bye-elect later in the year.

**Training.** We will need to quickly train and allocate new reps to committees and working groups once elected as these start early in the academic year. We may be able to retain previous reps / exec in their committee roles during September if they are returning students, as new Exec terms of office will run October - October.

The number of roles currently elected through bye-election in October shows the higher levels of engagement we can achieve here (particularly with 1st years) and that we can elect, train and deliver executive committee roles in the time frame.

**Freshers:** New reps will not be able to deliver campaigns during the Freshers period, although retained reps may well be able to finish their campaigns or celebrate wins to boost engagement in the October elections.

**Results night:** We will need to consider the format of results night if only officer roles are being announced.

Managed to organize temporary accommodation for students with the help of Paul Harris from the Residential team, however it was just for a short period, and it is now discontinuing-planning to have more discussions with them to sort out emergency situations as the issue is still not resolved.

Drop-in sessions in the SU in both campuses to hear the student issues about their accommodation situations.

*Campaign Name:* Cost of Living

Status: Working on

**Context of the Campaign:** Good and affordable Accommodation for students

**Aims and Objectives:** A nationwide issue which is prevalent across the news and impacts students across ARU. As housing becomes scarcer and more expensive, other avenues need to be explored to provide for our students.

**Updates and Wins:** By providing good quality, temporary accommodation for those that are struggling to pay rent and invest in supported housing, we can protect students during this difficult period and make sure they can study their full courses at our university.
