

EXECUTIVE COMMITTEE UPDATE

MARY COPSEY - VICE PRESIDENT (BUSINESS & LAW)

My campaigns, policy and other work

My Officer update

Hi Everyone!

Unfortunately, I am unable to attend exec today As I am attending my Business and Law Faculty Partnership Team (FPT) meeting.

Brexit campaign

Working on

Since the last exec I have:

- I have met up with a variety of students throughout the month to gather student feedback on the deliverables taken from the Brexit project campaign and presented this feedback to the university challenging them to make the reasonable adjustments and changes that students have requested.
- Supporting the union in 'vote to reg drive"

Campaign wins and progress:

The settlement support workshops have gone really well as of the 14th november the international office has seen @102 students demographics include, masters, part time PhD and undergrad students.

As a result of the success and demand from students the international office has further agreed to run a couple more sessions before christmas and will continue throughout the next trimester.

As brexit has now been delayed myself, Fraser and the union have been working behind the scenes with the university to amend the university comms plan and amend the action plan going forward in the best interest of students.

Brexit:Impact on Education (ACTIVE POLICY)

ARUaccessible?

Working on

This campaign has been launched!! - EXEC I need your support, please share my social media posts and get involved within the campaign (student stories) .

I just want to thank the 2 disabled student reps for all your support with this campaign so far.

****How do I get involved? ****

We are looking for students who have accessibility issues to help us. You will be asked to take some photographs around campus on what accessibility means to you, and then to attend a 1-2-1 discussion about these (this can also be arranged as a digital meeting). Please feel free to comment your feedback below and share!

Other relevant updates

I launched the #ARUmindful project (a project within the teams break-the-cycle mental health campaign) and following this have planned further mindfulness sessions with students.
