My campaigns, policy and other work

**My campaigns**

Title: Journal for the FHMS	In progress
<p><i>Updated: I have been working on establishing a journal for the faculty of HEMS, highlighting the work that the students are doing within the faculty and the achievements of students. It will also act as a boost for the students to write good essays and assignments. It will also act as a newsletter for the faculty. I plan to include the faculty in this project too. This project is on track and seems it will be announced very soon.</i></p>	

Title: Accommodation for PG students joining in January	
<p><i>Updated: Accommodation for PG students who join in January has been a priority for me and I have been working on gathering the statistics for the same and have been in conversations, currently. I plan to present all the data with personal stories and testimonies to the residential team and hope to get it done as soon as possible.</i></p>	

Title: Broadening the menu at the canteen	
<p><i>Updated: Broadening the canteen menu to make it more inclusive, and more student friendly. This would not be limited to the university canteen, but would also include 92 at Chelmsford.</i></p>
