

## CAMPAIGN UPDATE REPORT

<b>Prepared for:</b>	Faculty Voice Committee (FVC) and Liberation, Equality, Diversity and Inclusion Committee (LEDIC)	<b>Date:</b>	28/09/2017
<b>Prepared by:</b>	Laura Douds	<b>Role:</b>	Vice President (Science and Technology)

**Summary:** *This paper provides an update on the implementation of the campaign(s) of the Executive Committee member*

### Clubs and Societies Count

**Aim:** Improve the quality and membership of clubs and societies on campus

**Objective(s):**

1. Increase the amount of fundraising done by societies to £10,000	IN PROGRESS
2. Increase the amount of external volunteering done by societies	IN PROGRESS
3. Increase the number of clubs and societies by 33%	IN PROGRESS
4. Increase the number of societies achieving our highest level of award	IN PROGRESS
5. Have nominations and wins at the National Society Awards	NOT STARTED
6. Increase membership to 1 in every 3 students	IN PROGRESS

### Updates:

1. Upon talking with staff members, I've decided to narrow my focus for the time being. The fundraising and volunteering aspects are taking priority. This will be reviewed after the December holiday period.
2. Despite this, I have spoken to many students about societies and how good they are, so have been actively advertising to attempt to increase membership numbers.
3. I have been promoting fundraising and volunteering to societies (mostly at Freshers Fair) outside of RAG soc in an attempt to get them involved with these things.

### Diversity Projects

**Aim:** To promote EDI on campus, and aid understanding of minority groups.

**Objective(s):**

1. Raise awareness of liberation group issues	NOT STARTED
2. Provide safe spaces for students	IN PROGRESS
3. Promote intersectionality	IN PROGRESS
4. Inform students of historical and present-day minority figures	IN PROGRESS

### Updates:

1. Am narrowing the scope to three groups. Am currently focused on LGBT+ History Month, International Women's Day and academic issues affecting international students. (Project plans to follow at next FVC/LEDIC)

2. This doesn't mean I am not interested in helping with the other groups – I will be liaising with the reps to see how I can assist them in their campaigns for the year. It is particularly important for these remaining groups that I do not attempt to lead on projects as I do not fall into the minority groups in question (BME, disabled, trans).

3. Objectives are in progress as I have begun planning the liberation events.

4.

**Other relevant updates:**

- Had THE BEST time at Freshers
- #sexualrespect working group is going well – have implemented a training course in the criminology department for rollout across all classes in the future if it goes well
- Have had a meeting about assistive hearing technology and tried it on a deaf member of staff – has worked very well and hoping for a rollout to all deaf students soon
- Have done introductory talks to most FST courses and they've all gone very well

FVC/LEDIC are asked to **DISCUSS**

## Project brief

*The project brief is a summary of the purpose of a project and what it will achieve. It identifies key elements of the project and the steps that will be followed to reach the objectives. The brief initiates project activity and allows the work to move forward.*

The project will aim to increase the impact of clubs and societies upon students and the wider community.

It will:

- Increase the number of clubs and societies by 33% (40 clubs and societies)
- Increase membership to 1 in every 3 students
- Encourage societies to fundraise £10,000 for external charities, such that 40% of our charity fundraising is done by societies other than the dedicated Raising and Giving Society.
- Increase the number of societies achieving our highest level of award (what this award will be is yet to be decided as the bronze/silver/gold scheme is being re-done)
- Encourage societies to get involved with volunteering externally
- Ideally, have nominations and wins at the National Society Awards

## Project overview

*A brief description of the overall purpose and need for the work. Why does this project need to be done and why now?*

Clubs and society members are generally some of the most engaged members within our union. Being members of clubs and/or societies teaches transferable skills which are invaluable within the workplace, and as Goal Two of the strategic plan is about helping graduates be more employable, getting them involved with extra-curriculars is key in achieving this. In addition, Goal Five of our plan is about helping students feel as though they are part of a community at ARU, and clubs and societies are often very much a part of feeling like you belong at university. It makes sense, then, that we should focus on getting as many people into these 'mini-communities' as possible.

## Aims and objectives

<i>Broad statements of intent about what the project is trying to achieve.</i>	<i>List the tangible outcomes and benefits that will be achieved. They should be specific and measurable etc. We should be able to refer back to these at the end of the project to check whether the work has been successful.</i>	<i>How will you measure success?</i>

## Project brief

*The project brief is a summary of the purpose of a project and what it will achieve. It identifies key elements of the project and the steps that will be followed to reach the objectives. The brief initiates project activity and allows the work to move forward.*

### The LGBT+ projects will achieve the following:

- **Raise awareness and promote understanding of LGBT+ issues** with a particular focus on the marginalised communities within the LGBT+ movement, such as women who like women (or 'wlw'), asexual and aromantic people, trans people and bisexuals.
- **Inform students of LGBT+ figures throughout history**, and of the history of gaining the same rights as cisgender, heterosexual people.
- **Provide LGBT+ students with safe spaces** to be themselves
- **Provide non-LGBT+ students with safe places to ask questions** and broaden their understanding.
- **Promote intersectionality** within the LGBT+ community (ie including, and focusing on, LGBT+ people who fall into other liberation groups such as – but not limited to - people of minority ethnicities or who have a disability).
- **Make people aware of systemic barriers** to participation of LGBT+ students
- **Other issues which our LGBT+ and trans reps want to address.**

### **The disability projects will achieve the following:**

- **Raise awareness of disabilities and chronic health conditions**

## **Project overview**

*A brief description of the overall purpose and need for the work. Why does this project need to be done and why now?*

Minority groups are, as stated, minorities. The majority groups do not always understand the needs and wants of these groups, and it's important that we address these needs. It's particularly important that we look at and address the places where these minority groups intersect as they often face very different issues than when someone is only in one of these groups.

Understanding and inclusion are at the heart of our SU and it's vital that we have events where our students can be proud of who they are. Raising awareness of these minority issues will be vital to reducing the negative stigma associated with some of them and creating a safer campus for everyone.

## Aims and objectives

<i>Broad statements of intent about what the project is trying to achieve.</i>	<i>List the tangible outcomes and benefits that will be achieved. They should be specific and measurable etc. We should be able to refer back to these at the end of the project to check whether the work has been successful.</i>	<i>How will you measure success?</i>

## Scope

Several sentences outlining what is within the scope of the project and what is not. If necessary this section should clarify the boundary between this project and other work to ensure there is no overlap or duplication. This section should clarify what is specifically excluded from the activity.

The project is:

- To facilitate and improve diversity and inclusion of minority groups on campus
- Encouraging intersectionality (ie looking at where minority groups intersect and how that affects experiences and perceptions)
- To work in *conjunction* with the campaign reps

The project is **not**:

- Going to provide any new channels of reporting hate crimes
- Excluding 'simple' minority students, ie students who are in one of these minority groups and not the others
- Going to take responsibility for the projects of the campaign reps – though we will work together on several issues.

## Deliverables

List the outputs of the project.

- Improved awareness of minority group issues
- Minority students feel safe and supported on campus
- Minority students are not disadvantaged as a result of their minority status

## Key stakeholders

This should list all parties (internal and external) with an interest in this piece of work.

- Campaign reps (LGBT+/Trans/BME/Womens)
- Officer team
- Anyone who falls into these minority groups
- Certain areas of Student Services

## Project team: roles and responsibilities

<i>List all those who have a role to play in the project.</i>	<i>Include a summary of their responsibilities.</i>

## Implications for the organisation

Include here any impact this area of work may have on other parts of the organisation.

TBC

## Risks

<i>Outline any potential issues or barriers (internal and external).</i>	<i>Include a summary of how these might be mitigated.</i>
People who are bigoted towards these minority groups making hurtful comments or threatening violence etc at events	Ensure staff are trained on how to deal with this situation, know how to contact security, let students know how to report hate crimes
Finance	If the events aren't successful there may be a financial detriment to the SU
Misinformation being spread	Research to ensure all info we give is up to date and accurate

## Costs

*As well as direct costs this should include an estimate of the staff resource required and the amount of time from each person/area.*

Will be stated project plans for individual projects.
