

### **Free Wednesday Afternoon's 2013**

Proposed by: Adam Crabb & Richard Kemp (Experience Officers) February 2013

#### **Union Notes:**

1. Anglia Ruskin University Doesn't keep Wednesday Afternoons free.
2. Even Degrees like Sports Science have lectures Wednesday afternoon.
3. Many other universities keep Wednesday afternoons free.
4. The university are investing lots of money into sport.

#### **Union Believes:**

1. As the university is increasingly putting more money into sport that they should ensure as many students can participate as possible.
2. Competing in sports can enrich and improve the student experience at ARU.
3. Campaigning the university and making them aware of this can help to improve sport at ARU.

#### **Union Resolves:**

1. Create a policy to keep Wednesday afternoons free.
2. Ensure that Sports degrees do not have lectures on a Wednesday, which will allow them to compete whether Home or Away.
3. If this policy is passed we will be more current as an institution.
4. Lobby the university to also adopt this policy.
