

Name: Rohan Rajesh

Role: Vice President AHES

WHAT HAVE I ACHIEVED THIS YEAR?

I've had the opportunity to work with the National Union of Students (NUS), where I've fought for students' rights as renters. We successfully secured two critical amendments currently being debated in the House of Lords—

- One that limits landlords from demanding more than 1 month's deposit.
- And another that caps tenancy contracts at a maximum of 6 months.

I've taken this fight to Parliament, met with MPs, and participated in All-Party Parliamentary Group (APPG) sessions, all to ensure students' voices are heard on the national stage.

In addition, I've secured an affiliation with ACORN, a community union that fights for renters' rights - working with ACORN to protect ARU students from the challenges and injustices of private renting.

WHAT WILL I ACHIEVE IN TRI3?

I will focus on successfully completing our current campaigns and related works while also exploring future campaigns and potential collaborations with ACORN and NUS as I am re-elected as the next President.
